Fuel System Cleaner

True Brand® is a **concentrated** formula designed to clean the entire FUEL SYSTEM. This formula removes water from the fuel system by suspending water and fuel together and removing the water through the combustion process. It dissolves carbon deposits, gums, and varnishes. The True Brand formula is designed to lubricate while cleaning and reduces harmful emissions.

For **BEST results** add entire bottle to tank every oil change or 3,000 miles!

Truth - Application / Directions

- Pour entire content of bottle into fuel tank every 3,000 miles.
- Entire content of bottle will treat up to 30 gallons.
- This formula is good for ALL diesels AND gasoline engines.

Truth - Features / Benefits

True Brand® **concentrated** formula cleans the entire fuel system, lubricates providing protection so as not to dry out any working components and giving protection against rust and corrosion. All product is supported with 3rd party test data.

- Helps Improve Power
- Helps Remove Water
- Restores Fuel Economy
- Reduces Emissions
