

## Solid Sheet

*“Protect Your Investment”*

### Diesel Treatment

True Brand® Diesel Treatment is a **concentrated** formula designed to clean the entire FUEL SYSTEM. This formula **removes water** from the fuel system by suspending water and fuel together and removing the water through the combustion process.

True Brand® Diesel Treatment dissolves carbon deposits, gums, and varnishes with added lubrication, oxidation and corrosion protection for fuel-system components.

Helping Provide:

- Improved fuel economy
- Reduced emissions
- Smoother operation
- Improved cold-weather starts
- Helps remove water

For **BEST RESULTS** use every oil change or every 3,000 miles!

### Truth - Application / Directions

- Pour entire contents into fuel tank every 3,000 miles.
- Entire content of bottle will treat up to 30 gallons.
- This formula is good for ALL diesel engines.

### Truth - Features / Benefits

True Brand® Diesel Treatment will help provide increased power while lubricating injectors, valves, upper cylinders, and rings while cleaning. True Brand® Diesel Treatment will help improve the combustion process and will help reduce exhaust emissions and smoke.

- Cleans fuel injectors
- Provides rust and corrosion protection for fuel-system components
- Helps Prevent oxidation of fuel with Fuel stabilizers
- Helps lubricate to protect pump and injector parts
- Helps raise the cetane number in diesel fuel
- Helps reduce exhaust smoke and diesel knock
